Many Fashionable Women Are
Buying Suits

When you consider that the designing of these garments is done by master style artists—

When you take into account that the materials are absolutely pure wool—

When you examine the surface stitchings and realize that every thread is pure silk—

When you learn of the reinforcements that carry the entire strain of the garments, thus preserving their shapeliness and freshness of style—

When you try on the new models and see what a youthful appearance they give—

You will be surprised that garments of such style, such tailoring and general superiority can be bought for such reasonable prices as we have marked them.
